NTG Community Benefit Fund

Family Planning Welfare NT wishes to acknowledge and thank the NTG Community Benefit Fund (CBF) grant program. FPWNT received grant funding to purchase new educational equipment for our training room located unit 14, The Clock Tower, Coconut Grove.

FPWNT is an accredited RTO providing educational courses and training to healthcare professionals, school students and other community groups of interest. Our training room equipment unfortunately, was over 15 years old and not able to be easily maintained. This training room also supports other NGO's delivering quality training to the community for example first aid.

Our new SmartBoard 86inch is interactive and able to deliver quality presentations, sound, videoing and other new technology. We hope to share with other organisations this advanced training equipment.

The support from the Community Benefit Fund to assist us in upgrading our training room technology was very welcome.

Thank you.
