

COURSE OUTLINE

This 5-day course is nationally accredited by Family Planning Alliance Australia (FPAA) and has standardised assessment.

The course is recognised by the Royal Australian College of General Practitioners (RACGP) & Australian College of Rural & Remote Medicine (ACRRM) for all medical practitioners wanting to increase their knowledge base and clinical skills in SRH. (RACGP 40 points/ ACRRM 30 points)

Part 1 Theory Course Costs

Date:
Monday 19th – 23rd September 2022

Cost: \$2,000 includes one handbook

Registration by: 1st AUGUST 2022

NOTE:
This course may change to 3 full days and not 5 days. More information in the near future.

Part 2 Clinical Training involves minimum of 7 x 3-hour clinics
Cost: \$220 per clinic (including GST)
Extra sessions by negotiation.

Part One: THEORY COURSE

Theory component consists of 5 consecutive days and includes but not limited to:

- Office gynaecology including pelvic floor dysfunction, menstrual issues and vulvovaginal disorders
- Extensive contraception sessions
- Menopause assessment and management
- Sexually transmissible infections and blood borne viruses
- Sexual and gender diversity
- Office andrology including prostate issues and sexual dysfunction
- Preconception care and subfertility
- Culture and reproductive and sexual health
- Disability and sexuality
- Sexual dysfunction
- Sexual violence and domestic and family violence
- Pregnancy options including termination of pregnancy
- Adolescent reproductive and sexual health

ASSESSMENT

Theory assessment will take place on day 5.

Part Two: CLINICAL TRAINING

Clinical placement training provides the opportunity for participants to develop and apply their theoretical knowledge, practice skills, gain confidence, develop counselling and communication skills whilst under direct clinical supervision

- Clinical instruction involves 7 - 10 x 3-hour clinics. Should the experienced FPWNT trainer consider that more training is required, further clinics will be negotiated and the cost revised.

TRAINING CRITERIA

- A separate clinical application form must be completed.
- Participants must provide photo identification. They must be qualified medical practitioners registered to practise in Australia, and members of a medical defence organisation. They must have a current NT Working with Children (Ochre) Card.

ASSESSMENT

Assessment of the clinical training is by continuous assessment and completion of a clinical practice portfolio.

CERTIFICATE

The full national *Certificate in Reproductive and Sexual Health* is awarded on completion of both theoretical and clinical aspects of the course. However it is possible to just complete the theoretical aspect of the course.
