

Family Planning NT

COVID – 19 UPDATE

Family Planning NT is OPEN

Abortions, contraception and treatment for sexually transmitted infections are essential health care. We will continue to provide these services during the coronavirus pandemic.

Currently we are still operating in person clinics in both Coconut Grove and Palmerston. If you need to make an appointment, please call us on 89 480144

Please let us know in advance if you have symptoms such as a fever, cough, sore throat or shortness of breath. We will likely still be able to see you, but we will make some arrangements to keep our staff and other clients safe.

Thank you.
