NTG Territory Families
Office of Gender Equity and Diversity

Family Planning Welfare NT wishes to acknowledge and thank the Office of Gender Equity and Diversity, Territory Families NTG grant program.

In 2020, we received grant funding to provide contraception support to vulnerable young people attending our Darwin and Palmerston clinics. Clients who received this support were identified by our Medical Officers during the 2020 calendar year.

Family Planning NT was very fortunate to have continued the project whilst managing COVID-19 pandemic restrictions.

We would like to thank the Office of Gender Equity and Diversity for their contribution.

Thank you.
