Family Planning Welfare Association NT is offering a specialised course for Aboriginal Health Workers and Community Health Workers in male sexual health. The course will provide participants with knowledge and skills in the area of male sexual health and sexual health promotion.

This course incorporates a recognised, accredited unit of the Certificate IV in Aboriginal and/or Torres Strait Islander Primary Health Care.

Topics covered will include genitourinary health, contraception, sexual behavior, cultural beliefs in regard to sex, sexual history taking, sexually transmitted infections, sexual and domestic violence, pregnancy education and sexual health promotion and education.

The course is open to all registered Aboriginal Health Workers, students currently undertaking studies in the Certificate IV in Aboriginal and/or Torres Strait Islander Primary Health Care and Community Health Workers.

For more information on this course or to apply please contact Peter Burnheim at Family Planning NT via the contact details on the left of the page.
