NTG Community Benefit Fund

Family Planning Welfare NT wishes to acknowledge and thank the NTG Community Benefit Fund (CBF) grant program.

Recently, we received grant funding to provide our employees with security awareness training. A valuable training program that ensures our staff are fully aware of possible online threats to our IT client management system.

The funding also provided us the opportunity to purchase clinic emergency equipment including an automatic defibrillator machine. The equipment will be held in both our clinical locations, Coconut Grove and Palmerston Health Precinct.

The help we received from the CBF was valuable in supporting our services and ensuring FPWNT is compliant and fit for purpose.

Family Planning NT would like to thank the NTG for their contribution.

Thank you.
